And You Creations Launches New Waikiki Sunset Dinner Cruise in Hawaii

HONOLULU (PRWEB) February 03, 2020 -- While catamaran party boats or multi-story yachts in Waikiki are numerous, there are very few options available for an intimate, upscale sunset cruise. A new tour in Oahu aims to fill that void.

Oahu tour operator And You Creations invested just under $1 million in its new powerboat, the Ariya II, which arrived in Honolulu last month. The Ariya II will seat up to 50 guests, making it a smaller option than dinner cruises with similar offerings, such as the Star of Honolulu or The Majestic.

“We have firmed up an awesome meal and currently are have finalized the install of state-of-the-art lights, sounds and interior,” And You Creations President Kaina Neuman said. “We’re not holding back on costs in order to accommodate the best customer experience possible.”

The new tour, named “Ocean and You”, launches on February 14. The boat will feature a titanic-style front deck, and LED lighting to illuminate the vessel after sunset.

One of the main attractions of Ocean and You will be the dinner served on board, prepared by local chef Elmer Guzman. Guzman owns Poke Stop, an island seafood restaurant, as well as a gourmet catering business. He has worked under prestigious names in the culinary industry, such as Emeril Lagasse, Samuel Choy and Alan Wong.

“One of our goals, when we created this menu, was to make something that people can’t find anywhere else in Waikiki,” Guzman said.

Along with island cuisine, Ocean and You attendees will enjoy live hula and Hawaiian entertainment as they cruise past Diamond Head state monument and the Waikiki coastline.

Ocean and You will operate out of Kewalo Basin Harbor in Honolulu every day of the week, with fireworks included on Fridays. To celebrate the new tour, the company is offering $30 off per person until the end of June 2020.

“Our new ARIYA, she will have all the bells and whistles and truly will be the jewel of the harbor,” And You Creations CEO Richard Holland said.
