Hakuna offers revolutionary service for business’ that seek to streamline the schedule writing process and gain greater control over labor costs.

Bellingham, WA (PRWEB) August 4, 2010 -- When it comes to employee scheduling and labor management, Hakuna Scheduling Software is the top choice in meeting the needs of the business whether it be hospitality, retail, or medical. Hakuna offers revolutionary service for business’ that seek to streamline the schedule writing process and gain greater control over labor costs.

Hakuna was designed for the business owner who desires to reduce labor expenses, save time and encourage greater communication between management and staff alike. With Hakuna schedule writing software, the scheduling manager is freed from the burden of grinding through the schedule week in and week out. Hakuna’s patented algorithm utilizes a multi-step filtration process that analyzes your businesses needs and generates the best possible schedule to meet staffing demands.

Hakuna Scheduling Software is being offered at an exceptionally reasonable one time start up fee, then gives you the option of choosing from a low monthly rate or the money saving annual rate. To ensure complete customer satisfaction, Hakuna has not only provided an online demo, video tutorials, and 24/7 tech support, but even grants a 30 day money back guarantee if you are less than satisfied for any reason.

You can rest assured knowing that Hakuna maintains the most reliable servers and innovative technology when it comes to hosting, servicing and support of your subscription to Hakuna. Hakuna is hosted in a Grid-Service environment, allowing flexibility to grow with constantly changing demand. By using a Grid-Service they are able to accommodate peak times, and slow times with the same level of quality and high speed service. Grid-Service also provides 24/7/365 coverage and accessibility (rated at 99.9% uptime or better).
