TalentWise Adds eScreen Drug Screening Solution to its FastTrackTM Line of Products

Leading screening solution provider TalentWise has added a 5-panel drug testing solution, powered by eScreen, to its FastTrack line of products. Powered by eScreen and sold by TalentWise, the pre-integrated and fully-automated drug testing solution is fast, compliant and efficient. The electronic, web-based solution eliminates cumbersome paper chain-of-custody forms, facilitates web-based donor self-scheduling, and allows for real-time analysis and reporting at the collection site.

Bothell, WA (Vocus) October 4, 2010 -- TalentWise, the #1 ranked employment screening solution provider that offers employment screening and onboarding solutions designed for human resources, staffing and recruiting professionals, announced today that the company has added a 5-panel drug testing solution, powered by eScreen, to its FastTrack line of products. TalentWise FastTrack products combine high quality information needed to minimize business risk with the convenience of an online credit card checkout process.

“We are always innovating to provide our customers with cost-effective products and services that help make the recruiting and staffing processes run more efficiently,” said Todd Owens, General Manager of TalentWise. “By including a completely paperless chain-of-custody drug testing solution in our FastTrack offering, our customers now have an easy and affordable way to purchase a drug test online.”

Powered by eScreen and sold by TalentWise, the pre-integrated and fully-automated drug testing solution is fast, compliant and efficient. The electronic, web-based solution eliminates cumbersome paper chain-of-custody forms, facilitates web-based donor self-scheduling, and allows for real-time analysis and reporting at the collection site. Additionally, the solution supports text messaging reminders to applicants about their drug testing appointments to further decrease the turnaround time of the employment screening process. The solution is supported by a network of over 2,300 occupational health clinics across the U.S. who collect and analyze samples, and report 5-panel results immediately using eScreen’s proprietary eCupTM and eReaderTM technology.

In an effort to drive greater productivity and a higher quality workforce, TalentWise offers businesses of all sizes on-demand, comprehensive and affordable employment screening and onboarding products, including background checks; drug testing; skills and behavioral assessments; education and employment verifications; industry exclusion list searches; professional credential verifications; DOT compliance solutions; new hire forms automation; driving records; credit checks; turn-key integrations with applicant tracking systems; and more.

About eScreen, Inc.
Located in Overland Park, Kansas, eScreen was founded in 1998 as the pioneer manufacturer and marketer of employment screening technology and web-based applications for the hiring and maintaining of efficient workforces. eScreen set the new standard for drug testing program management and directly affected the evolution of employee drug screening, including introduction of the industry’s only instrumented 15-minute negative urine drug screen, the first-to-market paperless chain of custody form, and integrated web-based result reporting.

Today, as the largest Third Party Administrator (TPA) in the country, eScreen processes millions of corporate data transactions each year and offers a centralized process to ensure program compliance for both federally regulated (DOT) and non-regulated hiring programs. To learn more about eScreen’s integrated, electronic drug testing solution for simplified local and nationwide testing please visit: escreen.com.
