CSG's Andrea Danes Offers Insight on HIPAA 5010 and ICD-10 Strategies in Health Data Management Magazine

CSG’s Healthcare Practice is currently assisting public sector Medicaid enterprises and other organizations to prioritize and plan their initiatives to assure compliance with upcoming HIPAA mandates and a smooth migration to ICD-10. In addition to planning services, CSG provides direct assistance to states through Quality Assurance and Independent Verification and Validation services designed to ensure an effective implementation of the ICD-10 standards. “CSG is committed to assisting states reach compliance with Federal mandates,” says Ms. Danes. “The ICD-10 transformation is one of several critical initiatives facing the Healthcare industry and information systems must be updated with the new ICD-10 code set by 2013. Now is the time for organizations to develop a strategic plan so they don’t miss the deadline.”
