Dr. Keith LaFerriere Addresses Members of the International Federation of Facial Plastic Surgery Societies in Italy

Dr. LaFerriere recently returned from Rome, Italy, where he addressed members of the International Federation of Facial Plastic Surgery Societies (IFFPSS)

Springfield, MO (PRWEB) June 06, 2012 -- Dr. Keith LaFerriere of Mercy Clinic-Facial Plastic Surgery recently returned from Rome, Italy, where he addressed members of the International Federation of Facial Plastic Surgery Societies (IFFPSS), and presented a program on the topic of facelift and eyelid rejuvenation to more than 800 surgeons from 75 countries. The theme of the society’s biennial meeting was “Techniques, Tastes and Trends in Facial Plastic Surgery: A Global Perspective.”

IFFPSS, a multi-national society was formed in 1997 after extensive discussions initiated by the American Academy of Facial Plastic & Reconstructive Surgery. LaFerriere has served on the board of IFFPSS for the past eight years, has been involved in the development of its certification process, and has mentored international colleagues who are pursuing this credential.

Dr. LaFerriere, a board-certified facial plastic surgeon, offers surgical facial procedures including facelifts, the Smart LaserLift, eyelid procedures, facial implants, and rhinoplasty, as well as a comprehensive selection of non-surgical treatments, such as dermal fillers and BOTOX®, for patients in Southwest Missouri, Northwest Arkansas, and surrounding areas.
